

**Scope :** Driver Installation Procedure for TVSE MSP Series (9wire & 24wire printers)

## **TVSE MSP Series - Driver Software Installation / Un-installation Procedure**

### **Installation Procedure**

#### **Step: 1**

- Run the Printer Setup Utility, for example "Setup – MSP 240 Classic.exe"

#### **Step: 2**

- Click Ok button

### Step: 3

- The below search window will appear, in case of USB; connect the USB cable to the PC and Printer then switch ON the printer.
- If the printer is already switched ON, unplug the USB cable and plug in once again.
- For Parallel & Serial interface click "Manual" button

### Step: 4

- For USB, the software will automatically search the USB Port and install the drive.
- Click Ok to complete the installation Process.

- For Parallel and Serial port choose the required port and click OK button.
- By default "LPT1" port will be selected.

- Click Ok to complete the installation Process.

## **Un-Installation Procedure**

### **Step: 1**

- Run the Uninstall.exe

### **Step: 2**

- Double Click the Icon to un-install the driver.

- Click "Yes" to continue deleting the printer, if not click "No" to cancel the process.

- Click "Ok" to complete the process.
