OPTIONAL CASH DRAWER

The PT-3124 Advantage

The Retail Landscape of India is changing rapidly, there is a strong commitment towards operational efficiencies and process improvements. Meanwhile the average Indian consumer is growing younger, more tech savvy and unwilling to wait in long queues at cash counters.

Recognizing the need for quick billing on the part of small time retailers TVS Electronics has introduced the state-of-the-art "PT-3124" Point-of-Sale Terminal.

The PT-3124 is designed to withstand the most arduous of climatic and environmental conditions. It is proof against dust, fluctuating voltage and frequent power cuts as well as being customized to suit individual requirements. This POS printer has an ability to print at a speed of 150mm/sec making it an invaluable device to manage customers' rush.
